Lee Woodward explained the difficulty. Gerry still does not see why the difficulty & will pursue the matter. (Could be a problem with the cards?). Redmed Comp should have been qualifying. Lee said if he had been informed of this he would have designated it qualifying. The committee did not realise Lee did this & thought Mark or Nick in the Pro-shop, published competitions as qualifying or non-qualifying on the day. Compressor – Ongoing waiting for secure hasp to be made. Gerry mentioned to club committee about the flagsticks (a mismatch between pole & hole). Would like to see acquisition of flagsticks with narrow bottom that goes into hole that enables them to bend in the wind without damaging the hole. Gerry said these were available at a reasonable cost.

Halfway house open for Seniors Open Charity Day, Ploughman's Lunch on the day. Job Sheet for the day handed around. Greg volunteered for the Auction.
